

NORTHWEST TRUTH CONVERGENCE 2008

*July 5th from 12 noon until dusk at the Peace Arch
Canadians and Americans will come together...*

**United for Truth, Peace, Justice, Liberty and
the continued Sovereignty of Our Two Nations,
by the Will of the People, NOT Corporations**

British Columbia, Washington, Idaho and Oregon

...because we care !

On Saturday, July 5th at **Peace Arch Park** (Blaine, WA and White Rock, BC Border crossing) from **12 Noon til Dusk**, Canadians and Americans will come together for common causes and interests for our mutual benefit.

All 'Truth Activists' in the Pacific Northwest (USA and Canada) are invited to attend and participate in this relatively unstructured and informal event. Whether you are interested in 9/11 Truth, the SPP and National Sovereignty issues, the Illegal Wars, Canada's Bill C-51 and other health related issues such as Vaccines and

Flouride, the Fake Money System, Blackbox Voting and Voting Reform, the NWO, First Nations issues, or are supporters of the Canadian Action Party, Ron Paul, Kucinich or McKinney (political parties or candidates that do not get coverage), you are invited to join with us for a fun, social event liberally sprinkled with Civil Informationing (ie. friendly, educational conversations with the general public), music, and possibly a speaker or two.

This is NOT a protest nor a demonstration in the usual sense, but rather an "opportunity" to meet like-minded people, find commonality, share information, ideas and materials with each other, as well as with the general public in the parks, on the beach or as they wait in their cars to cross the border ...civilly, respectfully and as positively as possible. The aim is to inform and share our concerns and knowledge, NOT to confront or disrupt anyone. We want to BE the MEDIA and BE the CHANGE that we want to see.

Wear your Truth T-Shirts (black is OK but it would be good to see some other colors too), bring your flyers, books, DVDs and a sign or banner to highlight your issues of interest. Be creative and informative, and try to spark public interest and curiosity, not anger.

As we celebrate both Canada Day and U.S. Independence Day, it is our patriotic duty to exercise the rights and freedoms that others fought and died for, and our civic duty to help inform others about that which the media refuses to cover, or which it distorts.

This should be considered as a "family friendly" event (children, parents and grand parents) and we strongly encourage people of all ages, backgrounds etc to come together this day, peacefully and civilly, for our own individual sake, and for that of our respective countries.

This international event is co-sponsored, organized and coordinated by Fraser Valley 9/11 Truth (BC) and Bellingham 9/11 Truth (WA)

We have secured the picnic area and hall with kitchen on the US side and have a permit for this event, including permission for amplified music, provided it is not too loud. We will have a stage near the side of the road, beside the Peace Arch (between the 2 parks).
