

Greater Vancouver & Fraser Valley 9/11 Truth

Seeking Truth & Justice for the victims of 9/11

The fastest growing political movement in Canada has now arrived in the Fraser Valley region of B.C.

February, 2008
FV911Truth.org

Since the amazing Vancouver 9/11 Truth Conference in June 2007, this movement has grown to include groups in Victoria, Nanaimo, Vancouver, Cranbrook, Whitehorse, Calgary, Edmonton, Red Deer, Winnipeg, Brampton, Toronto, Ottawa, Montreal, Halifax and St. Johns.

We are NOT about "conspiracy theories" but rather exposing the blatant lies and cover ups surrounding the events September 11th, 2001, including the deaths of 25 Canadians, which launched a fraudulent War on Terror, an attack on constitutionally guaranteed rights and freedoms, the rise of citizen surveillance and data sharing with the USA, and the gradual merging of Canada, the USA and Mexico into a North American Union via the Security and Prosperity Partnership agreement (SPP) without the knowledge nor consent of the Canadian people, and the circumvention of democracy. We believe that Canadians deserve to know the facts, which our government leaders (all parties) and the mainstream, corporate media are deliberately avoiding to further their political and financial agendas.

The 9/11 Commission Report published in 2004 was a total whitewash of the facts according to the victim's families, and even the commissioners Hamilton and Keene now admit that it was a failure. The terms, scope and purpose were very narrowly defined to support the official theory. Volumes of evidence and scores of witnesses, expert testimony and whistleblowers were ignored, or their testimony deliberately excluded. The commission accepted at face value the "conspiracy theory" put forward by the government and held no one accountable for what it concluded was a "failure of imagination" by the intelligence agencies and those charged with protecting us from terrorism. Nothing could be further from the truth!

We were promised hard evidence, and yet, 7 years on we are still waiting, while Canada continues to fight in an illegal war of aggression (something which our WWII veterans fought against). The FBI has admitted that they have no hard evidence linking Osama bin Laden to the September 11th attacks! He is NOT wanted by the FBI in connection with 9/11!

We are demanding a new, fair and impartial investigation into the attacks on the World Trade Center, The Pentagon and the crash of an airliner in Shanksville, PA on September 11th, 2001, including the deaths of those Canadians killed, an end to an unjust and illegal war in Afghanistan, and to have hysterically enacted and misguided government policies and legislation (based upon ignorance, suppressed evidence and 9/11 propaganda) rescinded until 9/11 has been fully investigated - including the role that Canada played that day, as part of NORAD. Moreover, we want accountability for what is done in Canada's name.

The citizens of Canada, the USA, Afghanistan, Iraq and indeed, the entire world deserve to know the truth. We owe it to our soldiers presently serving in Afghanistan and to future generations to have all of the facts before we fundamentally change our nation and society forever, and before we are plunged into WWII, which now looms large.

Greater Vancouver and Fraser Valley 9/11 Truth is NOT a terrorist group, nor do we sympathize with terrorism! We are simply concerned citizens raising legitimate concerns and questions, which is our civic and patriotic duty. We are people of all ages and backgrounds, non-partisan and have no other political or social agendas. We are non-violent and advocate civility and responsibility, just as we expect from our servants in government, and their agents.

Albert Einstein said: "The world is a dangerous place, not because of those who do evil, but because of those who look on and do nothing."

By asking questions, demanding answers and standing for justice, we honour those who perished that day. Wilfull ignorance, unquestioning trust of corporate news and blind obedience to "authority" are a recipe for fascism and dictatorship ... lest we forget!
